

Repeat loops in Python

By Mr Bagge

code-it.co.uk

One School Week

for x in range(5):

 get up

 go to school

 go home

 go to bed

One Whole Week

for x in range(5):

 get up

 go to school

 go home

 go to bed

for x in range(2):

 get up

 play at home

 go to bed

One Half Term

```
for x in range(7):  
    for x in range(5):  
        get up  
        go to school  
        go home  
        go to bed  
    for x in range(2):  
        get up  
        play at home  
        go to bed
```

One Term

```
for x in range(2):                #Two half terms
    for x in range(7):            #Seven weeks
        for x in range(5):        #Five days
            get up
            go to school
            go home
            go to bed
        for x in range(2):        #Two days
            get up
            play at home
            go to bed
```
