

Useful Code Blocks

motor 1 FORWARD at 75%

motor 1 REVERSE at 75%

wait 1 seconds

motor 1 STOP

program start

Create these blocks by left clicking on the motor 1 stop block above

A variable could be used in place of the power percentage

Motor connected to motor 2

Motor 1 on the left

Motor 2 on the right

Up to two motors can be controlled with the crumble.

Motor 1 on the left

Motor 2 on the right

POWER

motors need a battery plugged in to work

### Hints

Try a lower percentage power to start as many older school motors are rated to run from 3v not 4.5v
