

Creating a Maze Game (crab maze)

- If stuck
 - Have you looked through the decomposed planner to identify what you are stuck on?
 - Is there a hint card available?
 - Have you ever tried to do anything else that was similar?
 - Can you explain what you are trying to do to your neighbour? Talking about it helps!
- If still stuck after all these strategies
 - Ask for a hint from teacher
 - Ask for a master class if it's a totally new area
