Wait 1 second

Turn left 40 degrees

Wait 1 second

Turn right 20 degrees

Say Hi how are you? for 2 seconds

Define Greeting

To make a procedure

To make a procedure

If you are planning to make and run a simple procedure.

Simple Procedure

Creating a simple procedure

To create a procedure

Click on make a block.

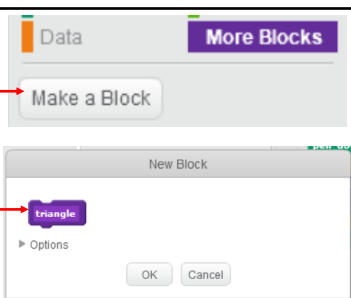

Give the block (procedure) a name.

This one has been called triangle.

The procedure will look like this.

It can be used/run/activated by using the block with its name that goes with it.

Currently it has no code so will do nothing.

Code-it Programming Knowledge Cards

Simple Procedure

Groups of actions that we put together in the same order to do set things.

Everyday Simple Procedure

- Brushing your teeth
- Getting dressed for school
- Boiling an egg
- Walking to school
