

# Monologue Modify Tasks

Name

Class

DON'T delete sprites or blocks

Task	Done	I changed
Can you make the tables code run faster?		
Can you make Julius C code run slower?		
Can you remove the double a a error in Julius C?		
What happens when you remove the empty say block at the end of Tables or Victorian?		
Can you change one character, so it starts when a key is pressed?		
Can you change what one of the characters says?		
Can you add a new say block at the end of one of the scripts in the same style?		
Can you modify Churchill so there is more time to read the text?		

Did you change anything else? List your changes here.
